## considerations

Does your child have food allergies? If so, please list and give instructions for snacking and maintaining a safe classroom space.

---

---

---

Since we believe every child is an important part of the church, we'd like to know for planning purposes if your child has any special needs we can consider. As you are comfortable, please list any special circumstances likely to affect your child's ability to participate in lessons and interact with the group.

*The following questions are specific to special needs:*

What strategies for learning do you already have in place at school or home that we can carry through to our classroom?

What, if any, are the signs of an oncoming crisis?

---

How would you like for us to handle a crisis with your child, should one strike?
